

# Representative Projects

# Solid Waste Services

Project Name

**Lusk Transfer Station**

Client

**Town of Lusk**

Contact

**Todd Skurkrud  
(307) 340-0299**

Key Elements

- RUS Funding
- Land Survey
- Engineering Design
- Bid Support

ECS, via our sister company Solid Waste Professionals of Wyoming, LLC was retained by the Town of Lusk to prepare a Preliminary Engineering Report (PER) in the summer of 2013. The PER resulted in the Town receiving a \$400,000/\$1,000,000 Loan/Grant funding package from the USDA Rural Utilities Service to fund equipment purchase, transfer station construction, and project design. SWPW was then retained to provide engineering services for the design of the transfer station as well as construction administration. Anticipated construction date is the Spring 2014.
